The Ad Dept has not stated whether the duties of the Surgeon & Dispensary Cooly & the nature requiring their services to be treated as pensionable the arrangement is that in the case of those that can be regarded as required to give their services whole time, at the disposal of Govt and whose services are such as can be deemed on terms of daily wages, no pension need be allowed in such cases — The exact nature of the duties expected of these men has therefore to be ascertained. It is not what they are designated or Depts which should be considered in deciding whether these appts should be regarded made pensionable or not but what the duties expected to be performed by them are —

If the Senior Surgeon's recommendation is sanctioned, it will involve extra cost to the local bodies who share local fund dispensary charges — The charging of pensionable charges. Whether these bodies are capable of bearing these extra charges is also to be agreed regarding Commdt

4 JUL 1923

Sir,

I have the honour to state that in every Local Fund or Municipal Dispensary, there is a menial designated as "Surgery Cooly" or in some cases "Dispensary Cooly" who is a whole time servant and whose duties in the dispensary are the same as those of Peons or Ward Attendants (it may be even said "peon and Ward Attendant) in bigger Hospitals. They have been from time to time allowed the concessions of High Price Allowance, permanent addition to pay, etc., like members of the menial staff of the Hospitals, who are allowed the benefit of Pension Rules.

But merely because they are styled "Coolies" the Comptroller objects to give them the benefit of the Pension Rules on the ground that their case falls under exception to Rule 1 of Appendix "B" of the Mysore Service Regulations.

It is very hard on these poor menials who have to work in the dispensaries mornings and evenings during the working hours and who have to hold themselves ready for work at other times too, when called upon, and who can have no opportunities of securing any -- other labor to earn wages, should be denied the benefit of the pension rules merely because they happen to be designated "Coolies".

I therefore request that Surgery Coolies or Dispensary Coolies of L.F. or Municipal Dispensaries may be specifically declared eligible for pensions (and gratuities) or, the designation

designation of these servants itself may be changed to "Dispensary attendant" and the Comptroller kindly instructed to admit the cases of the marginally named dispensary servants, who were retired and whose pension papers were returned to this office by that Officer with objections.

1. Imam Khan-Surgery Cooly, Bagepalli.	
2. Doada -do- Gundlepet.	

I have the honour to be

Sir,

Your most obedient servant,

Ag. Senior Surgeon.
